

Three Legged Cross Nursery School

Admissions Policy

Our nursery school was established to provide high quality care for children from the age of two who reside in Three Legged Cross. It is our aim to provide a place for all children whose parents want them to attend. However, in the event of over subscription, the following admission criteria will apply:

1. Siblings of children currently attending the first school and living in the school catchment area.
2. Siblings of children attending the first school.
3. Children who will attend the first school and live in the catchment area.
4. Children referred by an outside agency.
5. Children who will attend the first school.
6. Any other child.

Following the allocation of the funded hours, further paid sessions will be offered in the preference listed above.

A waiting list will be established for children who require a place but are unable to join due to lack of available places.
